

CSR POLICY

Statement of Intent

It is the aim of Logan Construction Ltd to achieve clear and definite standards of ethical behaviour throughout all areas of business.

Business Conduct: As a business we focus on maintaining a strong and competent service, treating clients as mutual partners and working with sub-contractors, suppliers and our workforce fairly and ethically. It is our goal to safely complete all projects on time, within budget and to the required quality. We operate a quality management system which is linked to the group business strategy and internal performance improvement measures.

Supply Chain Management: Logan only employs suppliers and sub-contractors whose ethics and values are aligned to that of our own. We will maintain strong working relationships and quality standards by consistently meeting agreed payment terms and evaluating services provided.

Client Satisfaction: By thorough planning, employing quality people, and our commitment to innovation & value engineering we aim to meet and if possible, exceed the needs and expectations of our clients. With an established Handover & Commissioning process we ensure that our clients are supported at the time of practical completion and beyond.

Safety & Safety: We are committed to planning and executing all operations in a manner that safeguards the health, welfare and safety of all employees, supply chain, clients, the public and end users. We will continue to work at all levels of the business, making safety our highest priority and maintaining an 'injury free workplace'

Environmental Impact: Logan will continue to look at reducing the impact we have on the environment as a result of our operations. Through innovation and a proactive attitude to waste and energy reduction we are working towards full ISO14001 accreditation.

Sustainability: Logan strives toward finding new opportunities to work with clients and specialists in the development of pioneering and sustainable design within construction and management.

Training and Development: Logan recognise that people are our most valuable asset and that their performance is the key to the quality of service we provide. By investing in recruitment, training and development we will retain the best possible talent with an aim to be the employer of choice.

Community Engagement: We are fully committed to adding value to the communities within which we work.
